## Property Highlights

- End cap unit with both drive-in and truck level loading
- Easy access to Hwy 85, 7, and 401
- Walking distance to ION LRT & business services
- Signage on Colby & Northfield Drives

\*663 Colby Drive is zoned [E2 – Business Employment Two](#), allowing for a wide range of industrial and service-oriented uses. In addition to standard E2 permissions such as advanced tech, light manufacturing, printing establishment, and office uses, the property benefits from a legal non-conforming status that permits the continuation of wholesale, warehousing, and manufacturing, as primary uses—providing greater flexibility.

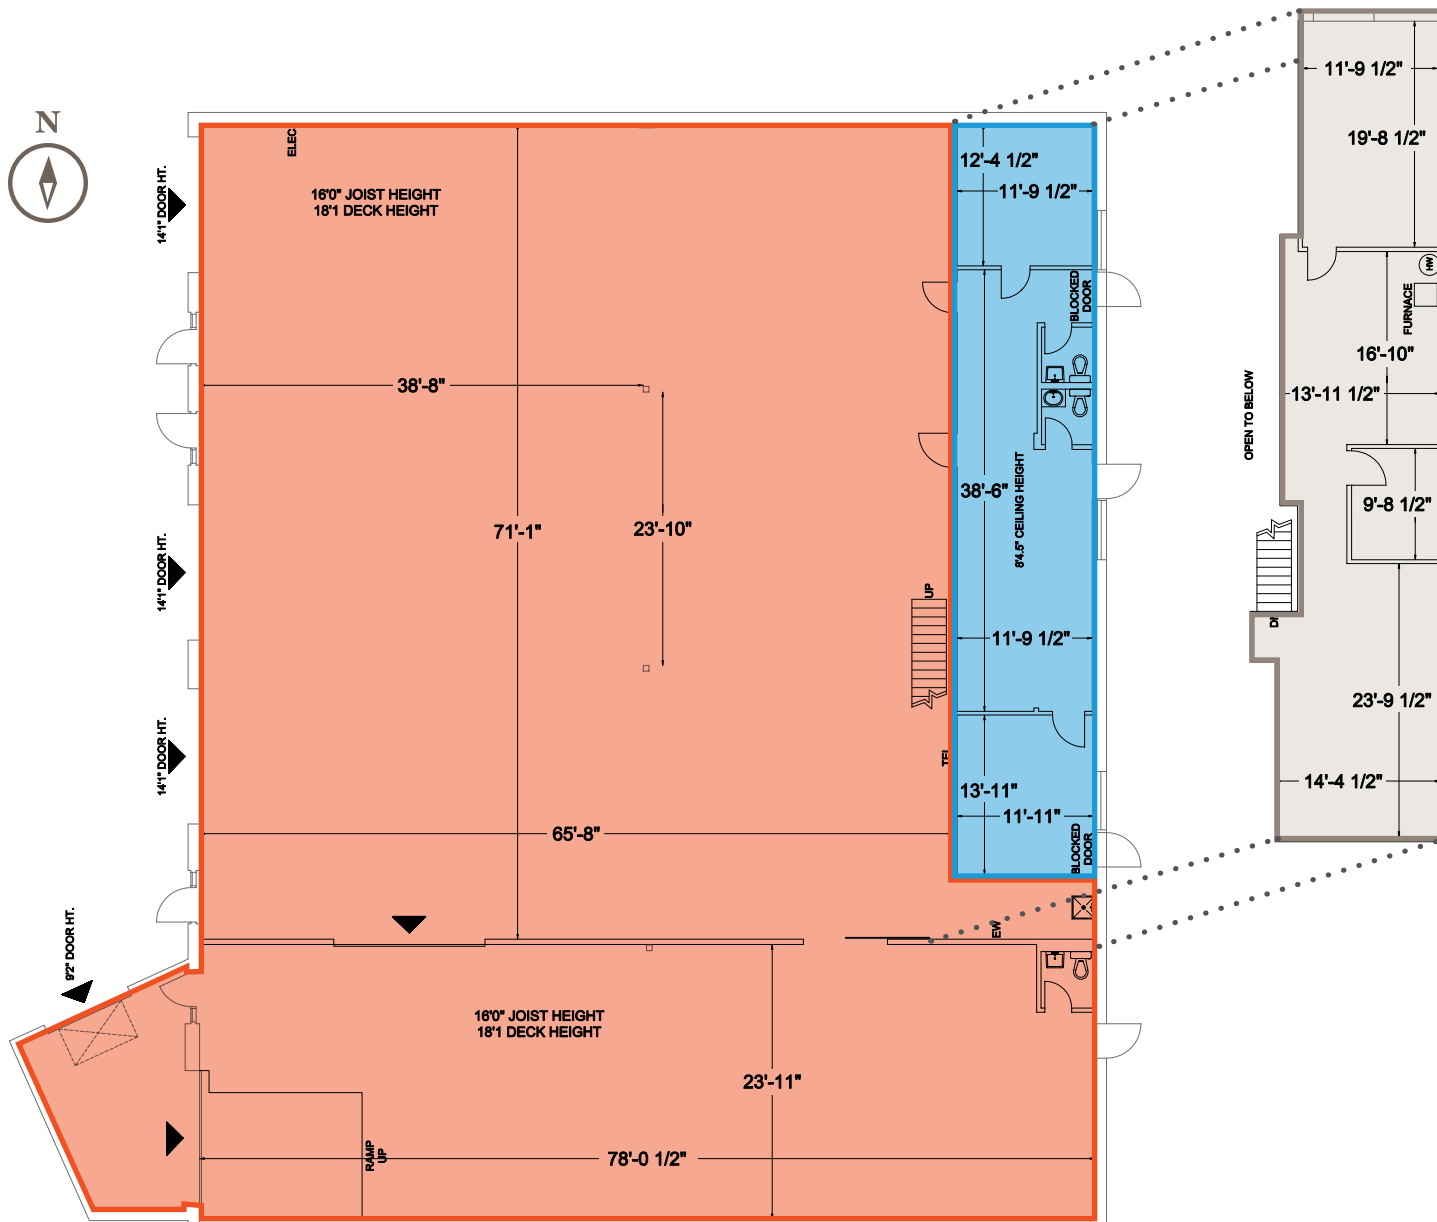

# Location

Strategically located in **Colby Drive Industrial Area**, 663 Colby Drive is an ideal base for wholesale distributors, skilled trades, and light industrial users. With immediate access to Highway 85 and just minutes to minutes to Highway 7 or 401, the location supports efficient movement of goods and staff across the Region.

The property is surrounded by compatible industrial and service users. Nearby amenities, supply outlets, and business services are within walking distance, while the ION light rail station at Northfield provides direct public transit access for staff and clients.
